

June, 2019

Dear Parents and Future Fourth Grader,

I am looking forward to a exciting new school year! I hope you enjoy and have fun during your summer vacation, but I will ask you **NOT** to take a vacation from **knowledge**.

Your math assignment is to earn Mathletics certificates (dated after June 10, 2019). One Certificate will equal a grade of 85 points, and two certificates 100 points. If no certificate is presented, the student will earn a grade of "0". To earn a certificate, you need to collect 1,000 points. These points are earned only with a passing grade on assignments completed during the same one week period, as they do not rollover from one week to the next. The attached letters include the login information and give more details about this assignment. Please note that the Mathletics server is in Australia; therefore the week ends on Saturday. Any question regarding technical support is to be addressed directly with Mathletics as stated on the letter. I will not be available until after August 15th.

The following is a list of summer readings titles. Your assignment is to read one book selected from the list below. Upon your return to school you will do a report/presentation about your book which will be graded. Reading Plus assignments will be available until July 31st. Your participation is optional, but you are encouraged to practice. When you return to school, a Reading Plus assessment will be administered to determine your reading level and placement.

Printed on the back, you will find a list of school supplies; please remember that for your security and safety, **ONLY** the items listed may be brought to school. Also, please remember to label **ALL** of your belongings (clothing and supplies).

I hope you have a restful, safe, and fun summer vacation. Remember to continue practicing your faith by being a disciple and witness of Christ in all you do.

God bless you,

Mrs. M. Bustamante
